

*call for papers*

**Electric Power:  
Competition, Regulation & Sustainability**

**Workshop  
at the  
National Research University  
Higher School of Economics, Moscow**

*2014, May 21/22th*

In many countries the electric power industry is experiencing a major transformation towards open network access, incentive based regulation and more competition in power generation. At the same time new challenges arise in infrastructure development and the accommodation of large scale intermittent production.

The international workshop will provide an opportunity to discuss all aspects of regulation, investment, competition policy and modeling issues with respect to electric power system. It is directed in particular to junior academics and PhD students and we will undertake special efforts to incorporate researchers from the Russian Federation.

We invite submission of papers and well developed abstracts on all fields related to the economics and politics of power systems, for example:

- market design for power and reserve capacities,
- transmission capacities and market power,
- abuse of market power in power generation and distribution,
- production from intermittent renewable energy,
- modeling large scale power systems,
- regulation of tariffs and access rights,
- regional integration of power markets.

**Program Committee:**

Svetlana Avdasheva, National Research University - Higher School of Economics;  
Franz Hubert, Humboldt-Universität zu Berlin;  
Christian von Hirschhausen, Technische Universität Berlin

**Submission:** The first page of the paper should contain:

title, authors' names & affiliations,  
addresses, telephone numbers, e-mail addresses.

Kindly submit your paper or abstract by email to [hubert@wiwi.hu-berlin.de](mailto:hubert@wiwi.hu-berlin.de) and [avdash@hse.ru](mailto:avdash@hse.ru) with subject header "Moscow-Power-Workshop".

**Important Dates:**

Submission of extended abstract/full paper	31th March
Notification of decision	15th April
Registration	01st May

Workshop language is English. There is no participation fee.

**Financial Assistance:** For presenters who are PhD students or who did not finish their PhD more than 5 years ago, we can offer a contribution to the cost of travel ranging from 500 to 800 Euro depending on the the distance. Please indicate whether you are eligible in your submission.

Please feel free to forward this call to interested colleagues.

Franz Hubert, Svetlana Avdasheva, Christian von Hirschhausen
